

**Testimony on HB 2690
Neutral Testimony**

House Energy, Utilities and Telecommunications

February 13, 2024

Chairman Delperdang and Members of the Committee:

The citizens of the State of Kansas enjoy the protections of a next generation 911 network that is among the best — if not *the* best — in the nation. The Kansas 911 Coordinating Council has done much to create and maintain this network. HB 2690 would abolish the 911 Coordinating Council and create in its stead the State 911 Board as a separate state agency.

AT&T is neutral on House Bill 2690.

I submit this testimony as President of AT&T Kansas. In the interests of full transparency, I remind the Committee that AT&T is a principal vendor to the 911 Coordinating Council. Further, consistent with the legislation that established the Coordinating Council, I am a non-voting member of the Council.

Thank you for your consideration.

Respectfully submitted,

A handwritten signature in black ink that reads "Jim D. Jamison".

Jim Jamison
President
AT&T Kansas
