

2012 Kansas Statutes

19-4905. Same; projects; plan, contents; public hearing; notice, summary of financing; plan approval. (a) Upon establishment of a redevelopment district pursuant to K.S.A. 19-4902, and amendments thereto, redevelopment within the district may be undertaken in one or more redevelopment projects, and any redevelopment project may be implemented in separate development stages. The developer proposing a redevelopment project within the district shall prepare a redevelopment project plan and submit it to the board or, if created, the redevelopment authority. The project plan shall include:

(1) A feasibility study, which shall be an open public record, showing that the benefits to the state and its political subdivisions derived from the project will exceed the costs and that the income therefrom will be sufficient to pay for the project;

(2) a comprehensive description of the project and an analysis of its compliance and compatibility with the comprehensive master development plan adopted by the county;

(3) a description and map of the area to be redeveloped;

(4) detailed description of the buildings and facilities proposed to be constructed or a completed, proposed development plan for the project prepared in compliance with the county's applicable zoning and subdivision regulations;

(5) a detailed plan for the financing of the redevelopment plan; and

(6) any other information that the board of county commissioners deems necessary to advise the public of the intent and content of the plan.

(b) Upon submission and receipt of the redevelopment project plan, the board, or, if applicable, the redevelopment authority, shall schedule a public hearing on the plan. The date fixed for the public hearing shall be not less than 30 nor more than 70 days following receipt of the plan. Copies of the proposed project plan shall be delivered to those persons and entities entitled to notice under K.S.A. 19-4902, and amendments thereto. Notice of the public hearing shall be included with the plan as delivered and shall also be published once each week for two consecutive weeks in the official county newspaper. The notice shall fix the date, time and place of the hearing and shall state where copies of the plan can be obtained or examined. Finally, if the board of county commissioners or, if applicable, the redevelopment authority has been requested or otherwise will consider to issue tax increment financing or other bonds or indebtedness to provide financial assistance for the redevelopment project, then the plan and notice shall include a summary of such financing.

(c) Following the public hearing, the board of county commissioners or, if applicable, the redevelopment authority, shall consider and may approve and adopt the project plan. Any redevelopment project approved under this act shall be completed within 20 years from the date of the project approval. Any substantial changes to the project plan as approved shall be considered in the same manner and pursuant to the same procedures as the initial project approval.
