

2012 Kansas Statutes

55-304. Duties of inspector. It shall be the duty of such inspector to see that all provisions of law pertaining to the drilling for gas, the regulating of gas wells and the piping and consumption of natural gas are faithfully carried out, and that the penalties of such laws are enforced against all violators of the same; and to that end the inspector shall promptly report all violations of such laws that come to his or her knowledge to the county attorney of his or her county, and file a proper complaint for the prosecution of the offender.

History: L. 1905, ch. 313, § 4; March 24; R.S. 1923, 55-304.
