

2012 Kansas Statutes

55-305. Inspection of gas wells; records. Said inspector shall inspect all gas wells in his or her county. The inspector shall measure and record, as nearly as can be ascertained, the initial rock pressure of, and also the volume of gas produced by, each of such wells. Such inspection shall be made and measurements taken and recorded at least once in each six-months period during the inspector's term of office, and at any other time or times directed by the board of county commissioners. All such records shall be entered and kept in substantially bound record books, suitably ruled, printed, indexed and arranged for that purpose, to be provided by the county and kept in the office of the register of deeds subject to public inspection.
