

2012 Kansas Statutes

76-489. Purchase of insurance for certain vehicles and equipment of regents educational communication center. Within the limits of appropriations therefor the Kansas state university of agriculture and applied science may purchase comprehensive, collision and other appropriate insurance for the KU-band uplink truck and mobile television production vehicle including attached communications equipment used by the regents educational communication center. The insurance shall be acquired through the committee on surety bonds and insurance as provided by law.

History: L. 1990, ch. 278, § 1; March 8.
