Statement of Larrie Ann Brown  
Presentation before the Senate Financial Institutions and Insurance Committee  
Overview of Associations and Companies  
Property Casualty Insurers Association of America  
January 23, 2013

Mister Chairman and members of the Committee:

I am Larrie Ann Brown, here today representing the Property Casualty Insurers Association of America (PCIAA or PCI).

- PCI is a national trade association made up of over 1,000 property and casualty insurance companies countrywide
- 373 PCI member companies write insurance in Kansas with the largest company writing \$400 million in premium, and the smallest writing \$2,000 in premium
- PCI members write 44.6% of all P&C insurance in Kansas.
- PCI members countrywide write more than \$170 billion in annual premium, 37% of the nations property and casualty insurance
- PCI members range from large national companies to small single state writers; most of our members are medium sized regional companies.

PCI is interested in all aspects of the P&C market, including but not limited to: home, auto, farm and ranch, commercial property, commercial liability, workers compensation, medical malpractice, and surety. Specific legislative items that we are interested include the Model Holding Company Act and legislation allowing consumers to use electronic means to show proof of insurance.

Thank you for allowing me to speak today and I would be happy to answer any questions you may have.
