Testimony in Support of HB 2564 to the House Water and Environment  
Committee

Thank you Mr. Chairman for the opportunity to speak in support of House Bill 2564. This bill would authorize the division of water resources to regulate the use of end guns on irrigation systems. It would allow for the removal of end guns for safety reasons and for helping to conserve water.

I worked in conjunction with the Water Advisory Board and the Secretary of State's office on this bill.

I hope you will agree with me and support the passage of House Bill 2564.

Thank you Mr. Chairman and members of the committee.

Rep. Jack Thimesch

District 114
