

Dear Committee Member,

I am writing this testimony to oppose the bill you are reviewing. The bill in reference is HB2030; which would allow pharmacists to administer any vaccine to children 12 years or older. I want to reiterate that this bill needs to be opposed. As a Kansan and a father these issues are extremely important to me. The founding fathers did not create this great nation to be ran in this manner; for the government to have this much control over the sovereignty of family. I believe our rights and liberties that are supposed to be upheld are getting stripped away from us. Here are some quotes that explain what the government role is supposed to be, what our Constitution and Bill of Rights state are our unalienable rights, along with some of my personal thoughts on the matter itself.

Government members are not supposed to be lord and master over the people they were elected to serve. They were elected to serve "We The People." This is exactly why our fore fathers left England, to get away from government mandating them how to live their lives through laws.

"We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here."

~ Declaration of Independence ~

"Every step we take towards making the State our Caretaker of our lives, by that much we move towards making the State our Master."

~ Dwight D. Eisenhower ~

"The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government – lest it come to dominate our lives and interests."

~ Patrick Henry ~

"Government is not reason; it is not eloquence, it is force! Like fire, it is a dangerous servant and a fearful master; never for a moment should it be left to irresponsible action."

~ George Washington ~

"In this present crisis, government is not the solution to our problem; government is the problem."

~ Ronald Reagan ~

“We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. – That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, -- “

~ Declaration of Independence ~

“The jaws of power are always open to devour, and her arm is always stretched out, if possible, to destroy the freedom of thinking, speaking, and writing.”

~ John Adams ~

I’ve been blessed with the gift of fatherhood, not by the government but by my Creator, Almighty God. Which is why it is important that parental decisions remain solely to the parents with the guidance of faith and family.
