

Department of Agriculture Fees; House Sub. for SB 60

House Sub. for SB 60 extends the sunset for certain fees assessed by the Kansas Department of Agriculture (KDA) on pesticides, fertilizer, and milk, cream, and dairy products. Additionally, the bill reinstates certain dam inspection fees and allows the KDA to assess a fee for processing certain paper documents when an electronic alternative for submission exists. Finally, the bill requires the Secretary of Agriculture (Secretary) to lower certain fees and potentially raise certain fees through rules and regulations, if certain criteria are met.

The bill also extends the sunset on a penalty of \$10 a day for failing to file an affidavit and pay inspection fees from July 1, 2015, to July 1, 2023. Under former law, the penalty would have reverted to \$5 a day.

The bill requires the Secretary, through rules and regulations, to reduce the fee for registrations of agricultural chemicals and commercial fertilizers whenever it is determined the fee is yielding more revenue than is necessary for the administration of the registration program for a period of not less than one year. (Prior law had allowed the Secretary to reduce fees, but had not required it.) It requires \$100 of any registration fee be credited to the State Water Plan Fund regardless of the registration fee imposed by the Secretary.

Dam Inspection Fees

The bill authorizes fees for inspection of Class 1 and Class 2 dams that are conducted by the Chief Engineer or an authorized representative in the amount of \$1,500.

Milk, Cream, and Dairy Fees

The bill also extends the sunset to June 30, 2023, on several fees imposed by the Secretary in relation to milk, cream, and dairy businesses. The following table outlines the fee; the amount the fee would have reverted to on July 1, 2018; and the fee amount that is extended.

The bill also amends two exemptions from inspection fees. Under prior law, any manufacturing plant located on a dairy was exempted from paying the fees for delivering Grade A raw milk for pasteurization or for delivering milk or cream for manufacturing purposes. The bill amends that exemption to include only dairies where less than 7.0 million pounds of milk is processed annually. This revised exemption will go into effect on January 1, 2018.

The bill requires the Secretary, through rules and regulations, to also reduce any dairy license or inspection fee whenever it is determined the fee is yielding more revenue than is necessary for the administration of the registration program. (Prior law had allowed the Secretary to reduce fees, but had not required it.) Continuing law allows the Secretary to increase the fee through rules and regulations when the Secretary determines there is a need to produce sufficient revenue to administer the program.

Paper Document Processing Fee

The bill authorizes the Secretary to charge and collect, by order, a fee necessary for administering and processing paper documents, but only if an electronic option is available for

submitting the documents. The fee is in addition to any fee the Secretary is authorized to charge by law and is equal to 6.0 percent of the cost to obtain a specific license, not to exceed \$50.
