

2018 Kansas Statutes

38-2226. Investigation of reports; coordination and cooperation between agencies. (a) *Investigation for child abuse or neglect.* The secretary and law enforcement officers shall have the duty to receive and investigate reports of child abuse or neglect for the purpose of determining whether the report is valid and whether action is required to protect a child. Any person or agency which maintains records relating to the involved child which are relevant to any investigation conducted by the secretary or law enforcement agency under this code shall provide the secretary or law enforcement agency with the necessary records to assist in investigations. In order to provide such records, the person or agency maintaining the records shall receive from the secretary or law enforcement: (1) A written request for information; and (2) a written notice that the investigation is being conducted by the secretary or law enforcement. If the secretary and such officers determine that no action is necessary to protect the child but that a criminal prosecution should be considered, such law enforcement officers shall make a report of the case to the appropriate law enforcement agency.

(b) *Joint investigations.* When a report of child abuse or neglect indicates: (1) That there is serious physical harm to, serious deterioration of or sexual abuse of the child; and (2) that action may be required to protect the child, the investigation shall be conducted as a joint effort between the secretary and the appropriate law enforcement agency or agencies, with a free exchange of information between them pursuant to K.S.A. 2018 Supp. 38-2210, and amendments thereto. If a statement of a suspect is obtained by either agency, a copy of the statement shall be provided to the other.

(c) *Investigation of certain cases.* Suspected child abuse or neglect which occurs in an institution operated by the Kansas department of corrections shall be investigated by the attorney general or secretary of corrections. Any suspected child abuse or neglect in an institution operated by the Kansas department for aging and disability services, or by persons employed by the Kansas department for aging and disability services or the Kansas department for children and families, or of children of persons employed by either department, shall be investigated by the appropriate law enforcement agency.

(d) *Coordination of investigations by county or district attorney.* If a dispute develops between agencies investigating a reported case of child abuse or neglect, the appropriate county or district attorney shall take charge of, direct and coordinate the investigation.

(e) *Investigations concerning certain facilities.* Any investigation involving a facility subject to licensing or regulation by the secretary of health and environment shall be promptly reported to the state secretary of health and environment.

(f) *Cooperation between agencies.* Law enforcement agencies and the secretary shall assist each other in taking action which is necessary to protect a child regardless of which agency conducted the initial investigation.

(g) *Cooperation between school personnel and investigative agencies.* (1) Educational institutions, the secretary and law enforcement agencies shall cooperate with each other in the investigation of reports of suspected child abuse or neglect. The secretary and law enforcement agencies shall have access to a child in a setting designated by school personnel on the premises of an educational institution. Attendance at an interview conducted on such premises shall be at the discretion of the agency conducting the interview, giving consideration to the best interests of the child. To the extent that safety and practical considerations allow, law enforcement officers on such premises for the purpose of investigating a report of suspected child abuse or neglect shall not be in uniform.

(2) The secretary or a law enforcement officer may request the presence of school personnel during an interview if the secretary or officer determines that the presence of such person might provide comfort to the child or facilitate the investigation.
