

To The Committee for Federal and State Affairs:

I am Darryal Mchargue. I own Mcvapour LLC, a vapor store in Derby, Ks. The current HB 2563 Sect 12(w) is intended to bring federal and state law together, but if passed will close my business. The federal law only states Prefilled cartridges, prefilled tanks, and prefilled pods are banned, which we have pulled from our store. With this new language added into this bill targeting flavored e-juice, it will shut our doors. Please take the flavored e-juice portion off of the bill.

Thank you for your time

Darryal Mchargue

Co-Owner
