

**TESTIMONY OF  
Sarah LaFrenz, President  
KANSAS ORGANIZATION OF STATE EMPLOYEES  
February 6, 2019**

Chairman Kelly and Members of the House Financial Institutions and Pensions Committee,

As President of the Kansas Organization of State Employees (KOSE), I appreciate the opportunity to provide written testimony in support of HB 2099, which would move certain law enforcement officers and employees within the Kansas Department of Wildlife, Parks and Tourism from regular KPERS and into the Kansas Police and Firemen's Retirement System (KP&F). We believe it is important to allow law enforcement professionals who provide important service in order to keep our citizens and communities safe appropriate retirement benefit opportunities.

As the Legislature considers HB 2099, KOSE respectfully requests you also give due consideration to also include moving State Corrections Officers from regular KPERS and into KP&F, either as part of this bill or as a separate piece of legislation. Our Corrections Officers do a fine job of making the state prison facilities operate in a professional manner under very trying circumstances working long hours for little pay. As recently indicated by Corrections Secretary Roger Werholtz, the Department and its' employees are operating under extremely difficult conditions. Providing this enhanced retirement benefit would go a long way to improving morale and retaining good employees.

The idea of moving State Corrections Officers into KP&F is long-overdue. As you may recall, during the 2018 Kansas Legislative Session, the Kansas House of Representatives on several occasions advanced the concept over to the Senate. The bill originally passed the House on February 21, 2018 on a Final Action vote of 113-9. Unfortunately, the measure did not make it to the Governor's desk.

It is also worth mentioning that the 2018 Joint Committee on Corrections and Juvenile Justice Oversight recommended in its' report to the 2019 Legislature that this change for facility correction officers be made.

With all the above in mind, on behalf of KOSE, I sincerely hope you will consider the merits of moving State Corrections Officers into the KP&F retirement system during the 2019 Legislative Session. I would be happy to provide additional information to the committee upon request.

Thank you very much for your consideration of this written testimony.
