Council Meets on the Second Wednesday Evening of each Month

February 15, 2018

House of Judiciary Committee,

We were approached by a citizen to start recording our council meetings and putting them on the local TV channel. We priced the equipment that we would need to purchase to do this, governing body felt like it was a waste of funds. If the public wants to be informed on what goes on at meetings, they felt the public should just attend the monthly meetings. In the past when it was recorded, it was regarded as a circus (a good laugh at the local bars). We do have the local radio station attend the meetings and they report the next morning on the local radio. Our governing body is really against getting this started again. We also publish our minutes in the local newspaper. We are a City of the third class.

Sincerely,

Greg Linton, Mayor
