

1-22-20 HB2431 JUDEN

Good morning,

I had known Tyler Juden since a very young age, he was in the same class as my son Dane who were teammates for many years during youth sports, middle school, and high school. I as was an assistant coach on many of Tyler's youth football teams. As general manager of Two Rivers Coop, I employed Tyler for five summers during high school and college. Tyler developed into an outstanding young man with a great work ethic which I'm sure served him well during his military service. To this day, every time I hear our National Anthem, I think of Tyler. Please vote to approve naming the east Walnut bridge after Tyler, I believe it is the least we can do for his family and Tyler who gave his life in service to our country.

Sincerely,

Kevin Kelly

General Manager

Two Rivers Coop
