

Testimony of Dennis Phillips

Re: SB 175

Chairwoman Lynn and committee members, thank you for this opportunity to submit written testimony in opposition to SB 175.

The Kansas State Council of Fire Fighters (KSCFF) would ask you to oppose SB 175. This bill is redundant for Kansas is a right to work state and employees have the right not to belong to the union that represent their bargaining unit.

The KSCFF feels this would place an unknow financial burden on the public entities for which they work. Their employers would not only have to notify the employees but would have to be able to prove that this was done and that the employees received the information.

Again the KSCFF would ask you to oppose SB 175.

Dennis Phillips
Lobbyist KSCFF
