RE: Testimony in Support of City Utility Low-Interest Program

I live in Denison, Kansas and am a gas customer. The City of Denison could use your support for the city utility low-interest program legislation. The price of gas in February will cause a financial burden for me and my neighbors. The low interest loan would alleviate the need to pay these extremely high bills immediately. As a single person, this is a struggle for me financially.

Thank you in advance for supporting the city utility low-interest program legislation.
