To Whom It May Concern,

My name is Randy Clatterbuck, and I have been a barber in Topeka, Kansas for over 36 years. I am submitting this letter to express my support for the Kansas Board of Barbering and the amendments to House Bill 2419.

Although I fully support all of the amendments in this bill, I especially would like to mention a few that I feel strongly about. I think the ability to raise our fees when necessary would be very beneficial. I would also like to support the return of our chair lease licenses, as it allows the board to track each barber's location. I also would really like to see the amendment to allow retired barbers to pay a one time fee after retirement (instead of yearly) to retain their license. In addition, I feel it's important that only shops with licensed barbers are able to display a barber pole.

In closing, I feel these amendments are important for our profession moving forward.

Respectfully,

Randy Clatterbuck
