1/31/22

Senate Bill 360 / Enacting the Kansas assistance animals in housing act.

Proponent

Written Testimony

Jeremy Worden, jworden@aakc.us, 913-248-0355

Apartment Association of Kansas City, Executive Director

The Apartment Association of Kansas City supports Senate Bill 360.

This bill protects residents in Kansas that legitimately need assistance animals and deters residents from obtaining fake documentation stating their animal is an assistance animal. Online outlets have made it too easy to obtain fake documentation. This has made it very difficult for our leasing and management staffs to work with and handle legitimate assistance animal needs. We believe it will only help future issues that arise between residents and housing providers. Housing providers in Kansas are looking for clarification on this issue, and we believe this bill does that.

We would like to thank Senator Mike Thompson for introducing this legislation.

Please support and vote for Senate Bill 360.
