

## Administration

### Consequences of Not Funding this Program

The Administration program provides for the overall management and operational control of the facility. This program includes the warden, human resources, mailroom, policy and compliance, staff development, and fiscal. Not funding this program would eliminate the leadership and support functions necessary to operate the facility.

### Program History

The Kansas State Penitentiary was authorized by Article VII, Section 2, of the Kansas Constitution in 1859. On November 19, 1861, the land for the prison was purchased in Leavenworth County and construction on the prison started in 1864, near the site of the old Oklahoma Territorial Prison. Completion was delayed by the Civil War. Additional ground purchases were made in the late 1800s and early 1900s. In 1917 the Legislature established the State Industrial Farm for Women at Lansing. This institution was later renamed the Kansas Correctional Institution at Lansing (KCIL) and later housed both male and female residents. In 1995 the female residents were transferred to the Topeka Correctional Facility. To address the growing inmate population, a medium security facility was constructed next to the original maximum-security facility in the 1980s. In 1990 KCIL and the Kansas State Penitentiary were consolidated and renamed the Lansing Correctional Facility. In 2018 the medium security facility was demolished and a new facility to house maximum and medium custody offenders was constructed on the site. The same project also replaced the minimum-security East Unit (the former KCIL) with a new 512-bed unit. Residents were moved into the new minimum unit in December 2019 and the new medium/maximum unit was occupied in April 2020.

## Inmate Transportation

### Consequences of Not Funding this Program

Transportation between correctional facilities, to and from other jurisdictions in the state, and out-of-state is coordinated through Central Transportation Coordinator at the Hutchinson Correctional Facility. Transportation hubs are also located at the Lansing and Norton Correctional Facilities. Elimination of this program would result in a decentralized system operated by individual facilities.

General    KSA 75-5206	Discretionary	No	2

### Program Goals

A. To provide for the safe and secure transportation of inmates during inter-facility transfers and of those inmates being returned for parole violations.  
 B.  
 C.

### Program History

The Transportation Unit began operation in March 1989 to provide for the orderly and secure movement of inmates utilizing a regularly scheduled program of transportation, while employing needed security measures to prevent escape and ensure the safety of escort personnel and the public. The unit was originally divided into two hub operations; one hub was located at the Lansing Correctional Facility and the other at the Hutchinson Correctional Facility. Early in 1998, a third hub was established at Norton Correctional Facility.

## Classification & Programs

### Consequences of Not Funding this Program

This program includes Classification and Records and various support functions. Classification and Records are responsible for the reporting and recording of all pertinent information regarding the movement and progress of residents at the facility, to included establishment of legal authority to incarcerate, movement, behavior, progress, disciplinary history, and program participation. Under the coordination of the unit teams, an individualized treatment program is developed, implemented, and maintained for each resident. Each resident, as well as facility staff, is kept aware of the resident's status within the correctional process. This program provides direct case management to the inmates, holding them accountable for their behavior, while identifying and localizing problems within each unit. Also include in this program are chaplain services, library services, and recreation. Not funding this program would eliminate the processes and activities that are critical to appropriate placement, documentation, and treatment plan development and implementation.

## Capital Improvements

### Consequences of Not Funding this Program

The capital improvement program is used solely for budgeting and recording expenditures related to rehabilitation and repair projects. KDOC central office is appropriated \$4,920,000 from the Correctional Institutions Building Fund annually for rehabilitation and repair projects throughout the KDOC system. Funds are transferred to the facility as projects are approved. Eliminating this program would prohibit the Department from making repairs, upgrades, and improvements to the facilities.
