

2021 Kansas Statutes

55-160. Notification of commission prior to reentering plugged well; inspections. Every operator shall notify the commission at least 48 hours prior to the commencement of reentering or washing down any abandoned or plugged well. An agent of the commission may conduct on-site inspection of such drilling operations.

History: L. 1982, ch. 228, § 13; L. 1986, ch. 201, § 13; July 1.
