

2021 Kansas Statutes

68-113. State-line roads; establishment; width limitation. The boards of county commissioners of counties along the state line may establish a road in the state of Kansas along such state line in the manner provided by law for the laying out of other public highways: Provided, That the portion of the road established and located on the Kansas side of the state line shall not exceed sixty (60) feet in width: Provided further, The adjacent state shall make provision for the establishing of its proportionate share of such road.

History: L. 1915, ch. 292, § 1; R.S. 1923, 68-113; L. 1961, ch. 299, § 5; June 30.
