

2021 Kansas Statutes

80-2010. Powers of governing body. The governing body of such sewage district shall have the power to acquire land and condemn rights of ways, construct pumping stations where necessary, and to do such other acts reasonable or necessary for the construction and operation of such sewage system, subject to the limitations provided by law. The governing body of such sewage district may enter into contracts with cities or adjoining townships within or without the state for the disposal of all or a part of the sewage of such district, and may contract to pay such price as may be agreed upon, upon a monthly or yearly basis or in a lump sum, for the disposal of such sewage.

History: L. 1941, ch. 399, § 10; L. 1949, ch. 502, § 1; March 30.
